

BULL PRODUCT GUIDE

BUILT BULL STRONG - FOR LIFE

P O W E R

From the strength of our construction to the tremendous heat generated from our burners, a Bull Product stands out from the rest and is Built Bull Strong.

R E L I A B I L I T Y

Bull takes pride in making products that last a lifetime from the most durable materials in the industry. We put our proprietary ReliaBull even heat technology and no fuss friction based Piezo ignition systems in all our grills so you can concentrate on your food and not the grills performance.

V E R S A T I L I T Y

With Bull you can experience so much more than just burgers and hot dogs. A Bull can grill, bake, braise, boil, smoke, fry and sauté, giving you the versatility to cook anything you can imagine.

F A M I L Y

When you purchase a Bull product you are joining one of the world's biggest families. Our industry experts guide you through design, purchasing, and expanding your backyard as well as offering a vast library of recipes, tips and techniques from world champion chefs to give you the power to unleash your inner GrillMaster.

"From Humble Beginnings"

For most people, tinkering with and testing an open flame grill in your garage is not a good idea. But Mark Nureddine is not most people. His inventive efforts with a grill in a closed environment became the genesis of a company that would grow into one of the leading manufacturers of Outdoor Kitchens in the world. Under Nureddine's direction and leadership for the past 27 years, Bull Outdoor Products has emerged to offer premium Grills, Outdoor Kitchens and Accessories to over 900 dealers and distributors throughout North America as well as 15 countries around the world. From a garage to countless backyards, Bull Outdoor Products are the gold standard when it comes to unBullievable outdoor cooking.

REINVENT THE ART OF PIZZA MAKING IN YOUR OWN BACKYARD

The modern pizza may have evolved in Naples, Italy in the 18th or early 19th century. However, the new modern pizza starts in your own backyard, with the Bull Pizza Oven line. The New Bull Gas Fired Pizza Oven offers the same great features of wood-fired ovens but with the added convenience of cooking with gas. Our Gas Fired Pizza Oven can be fueled using Propane or Natural Gas (with a conversion kit, sold separately) and Gas Ovens don't require the ash cleanup that is associated with their wood-fired counterparts.
